

# 3D Miniatures

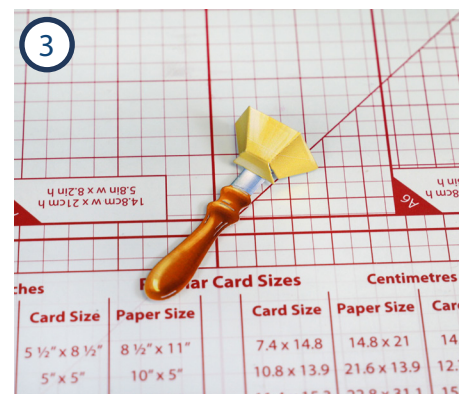

## Bell

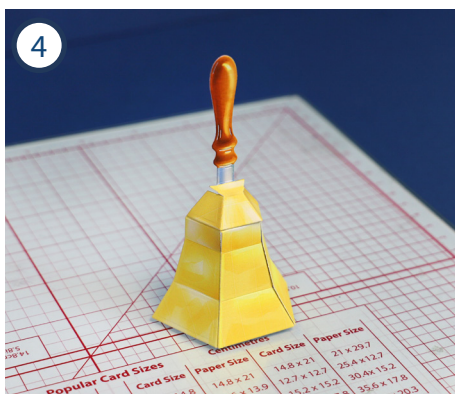

Cut each of the dies once.

Score and fold the lines of the A die cut. Stick the tabs to their corresponding sides to create the half-bell shape.

Assemble and secure the B die cut to create the handle.

Place the handle on top of the bell and secure.

Fold the C die cut to create a curved piece.

Stick onto the centre of the bell.

# 3D Miniatures Bell

Decorate with the bow and any other chosen embellishments to finish.

Tip: Follow these steps to create a second bell half and stick together to create a full 3D bell shape for décor or model-making.
