

3D Miniatures Champagne Bottle

1
Cut dies A, B, and C once each. Cut your chosen embellishments as desired.

2
Create the bottle body by folding up the A die cut and sticking the tabs on the bottom onto the base. Stick the top tabs to the corresponding sides.

3
Create the bottle neck by folding up the B die cut and sticking each tab to its adjacent side. Close the top by folding over the small tabs and sticking the C die cut on top.

4
Stick the neck onto the bottle body.

5
Add embellishments onto the Champagne Bottle as desired.
