

3D Miniatures Clutch Bag

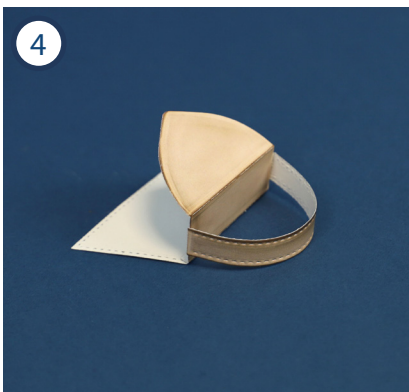

1
Cut dies A - E, including both pairs of A and B dies.

2
Stick the wider ends of the A die cuts onto either side of the C die cut using the tabs. This creates the base and two of the bag's sides.

3
Valley fold the score lines of the D die cut and stick onto one of the B die cuts using the tab.

4
Curve the handle (E die cut) and secure using the tabs beneath the top of the bag.

5
Stick the base and sides onto the bag using the tabs, ensuring they are flush with the large side as shown.

6
Add the remaining B die cut onto the bag to create the full Clutch Bag. Fold the flap over and secure. Add embellishments as desired.
