

# Birthday Cake

1 Cut two of the cake top (die A) and two of the cup (die B).

2 Assemble the two cup die cuts and secure by sticking down the tabs.

3 Stick the two halves of the cup together by overlapping the bases and securing the two side tabs onto their opposing sides.

4 Assemble the cake tops by sticking the tabs to their corresponding sides. Fold down the free tabs along the long edge.

5 Stick the cake tops together, sticking the free tabs to their mirrored tab.

6 Stick the cake top into the cup using the bottom tabs.
