

PATTERNED CHANTILLY HEART

DIE CUTTING INSTRUCTIONS

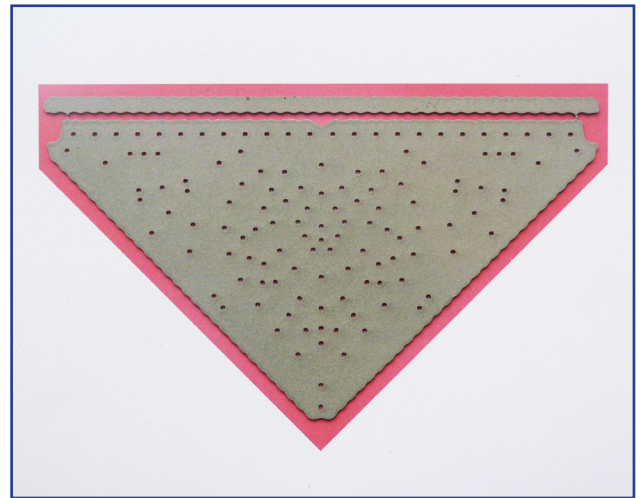

Step 1

Print out the patterned Chantilly Heart design of your choice, onto your chosen cardstock.

Step 2

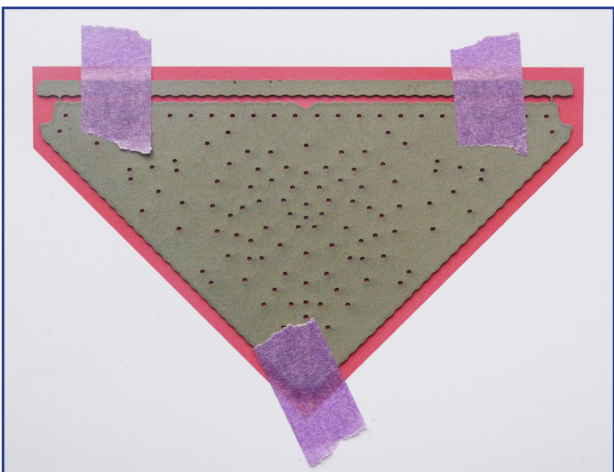

Take your Chantilly Heart Tattered Lace™ die and position into the centre of the printed design.

Step 3

To get an accurate cut, hold in place with low tack tape.

You are now ready to put your die through your chosen cutting machine. (Making sure that the die is flat side down on your cutting plates.)

Step 4

Carefully remove your die from the cardstock and remove any excess cardstock with a pokey tool.

Now you have your patterned Chantilly Heart die cut.
