

Staying Home for Christmas Clearly Christmas Boxes

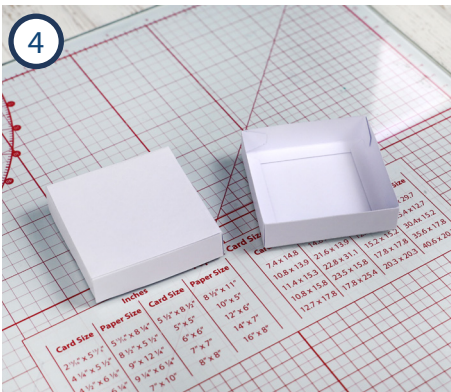

1 Cut dies A, two B (the larger square), and eight G.

2 Valley fold the lines of die cut A and make into a tube. Stick the tab onto the adjacent side to secure.

3 Stick the G die cuts onto the B die cuts as shown.

4 Fold and stick the tabs to create the box lids for either side.

5 Place the lids on either end and secure with glue or tape if desired.

To create the smaller box, use dies H and F for the body and tab pieces, and the smaller squares for the lids.
