

Tattered Lace DIES

CONGRATULATIONS PLAQUE CARD

YOU WILL NEED...

- Congratulations Plaque Die
- White card
- Blue card
- White tri-fold aperture card
- Spray glue
- Silicone glue / glue dots
- Double sided tape
- Glitter
- Border peel offs
- Ribbon
- Flower embellishments

STEP 1

Cut the die from a piece of white card.

STEP 2

Coat the white card with glue and cover with glitter, tap off excess and return to jar.

Designed by Stephanie Weightman

STEP 3

Cut a piece of blue card to slightly smaller than your aperture card. Use double sided tape to stick the blue card to one of the inside panels of the card.

STEP 4

Making sure that the section with the blue card is nearest to you fold it underneath without sticking. Place double sided tape around the aperture and stick the die cut in the aperture so that the words are the right way round as you read them. Place double sided tape around the edges of the blue section and stick over the back of the die cut.

STEP 5

Use border peel offs to accentuate the outer edge of the aperture as shown.

STEP 6

Finish by embellishing with ribbon borders and flower embellishments as required.
