

Double Doily Diamond Card Shape

The following instructions cover some of the many different ways this versatile card shape can be used.

Cut the Double Doily Diamond card shape and valley fold along both score lines.

Once folded this should create a double folded long card or simple envelope by glueing along both short edges.

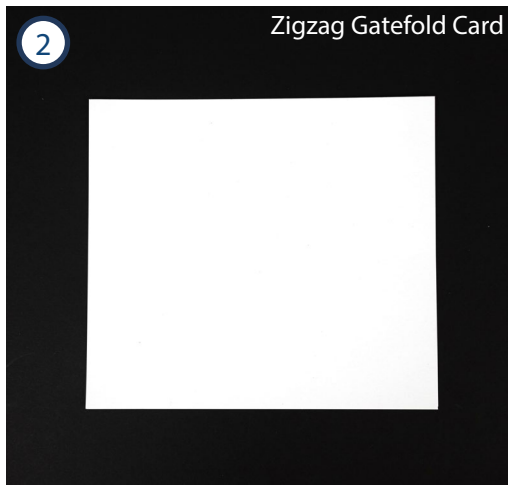

Cut the card shape. From the left mountain fold then valley fold along the score lines as shown to create a zigzag card.

To create a zigzag gatefold card cut the card shape twice. From the left mountain fold then valley fold along the score lines. Add double sided tape to the right faces.

Double Doily Diamond Card Shape

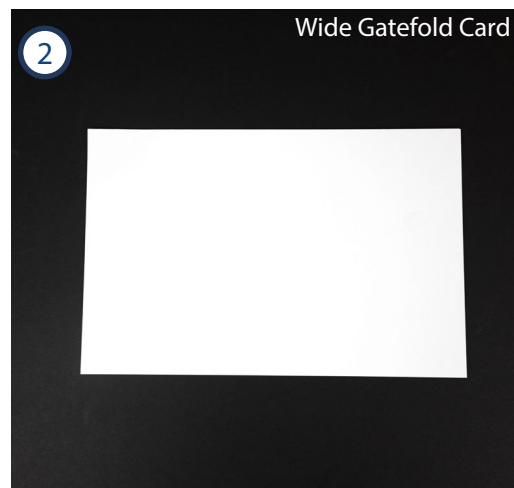

Cut a 17.2cm x 15.4cm rectangle.

Rotate the right cardshape 180 degrees to mirror the left. Line up and mat the rectangle on to the back face of the card shapes. Once folded the gatefold will meet in the middle.

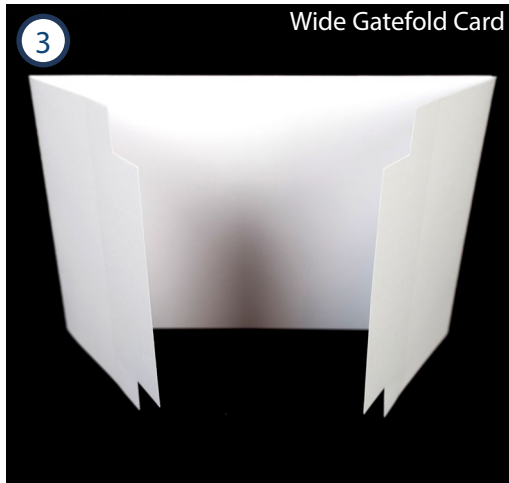

To create a wide gatefold card cut two of the card

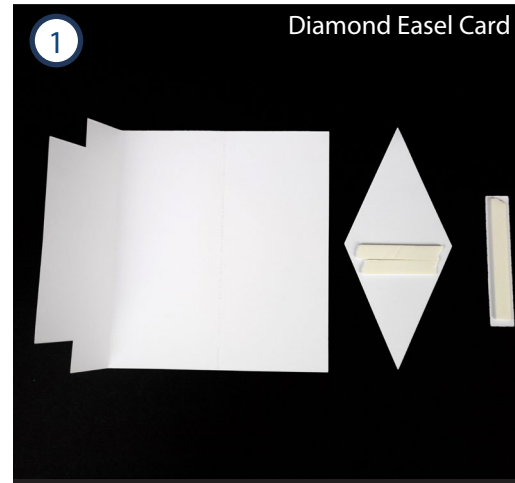

Cut a 17.2cm x 26.4cm rectangle.

Double Doily Diamond Card Shape

Rotate the right cardshape 180 degrees to mirror the left. Line up and mat the rectangle on to the back face of the card shapes. Once folded the gatefold will meet in the middle.

To create an easel card cut the card shape, largest diamond mat and longest rectangle mat. Valley fold along the score lines. Add double sided foam tape to the back of the diamond and rectangle mat.

Mat the rectangle in the bottom left corner as shown to create the stopper.

Mat the diamond on the short rectangular edge, to the left side as shown so the bottom point rests on the stopper to create an easel.
