What you need to do:

1 Cut and fold white pearl cardstock to create an 18cm square card. Cut a 17cm square from gold pearl cardstock and mat onto the card.

2 Cut a 15cm square from white pearl cardstock. Using the Tattered Lace[®] Essentials Decorative Rectangle, create an aperture in the white pearl square. Using an embossing folder, emboss the aperture. Mat onto a 16cm square cut from white pearl cardstock with foam pads. Mat onto the card with foam pads.

3 Using the Oriental Birdcage die cut one from gold pearl cardstock. Mat onto the card as shown.

4 Using the Tumbling Vine die, cut three from double-sided green cardstock. Flip one of the die cuts over, stamp with Versamark Ink pad and cover with clear embossing powder, shake off the excess and heat with a heat gun until the power is melted and has turned glossy. Repeat for the other two die cuts. Stick the die cuts around the aperture as shown.

5 Using the Mini Blooms die set, cut out flowers from pink and white cardstock. Make up the flowers and stick them to the card as shown.

6 Using the Tattered Lace[®] Essentials Decorative Rectangle, cut one from white cardstock. Using the die as a template, place onto pink cardstock, draw around the die with a pencil and cut out. Mat the white label onto the pink label. Stamp "Dream" onto the label and mat onto the card. Finish off with faux pearls in the centre of the flowers.
