1 Cut out the Book Cover halves, two spine pieces, and some pages from your chosen cardstock.

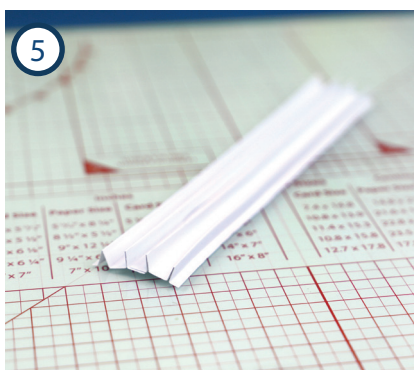

2 Mat the Book Cover halves together to create a symmetrical book cover.

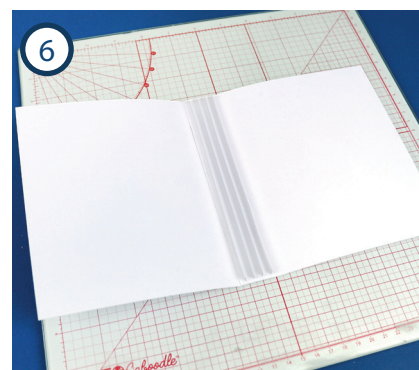

3 Using scissors or a paper trimmer, trim halfway to the scoreline on opposite sides of both spine pieces.

4 Alternate valley and mountain folds to create peaks in the spines as shown.

5 Mat the spine pieces together, with one end overlapping the other.

6 Mat the spine into the book cover.

7 Mat the pages into the spine to complete the book. Decorate as desired.
