

Tattered Lace DIES

FLORAL INTERLOCKING CARD

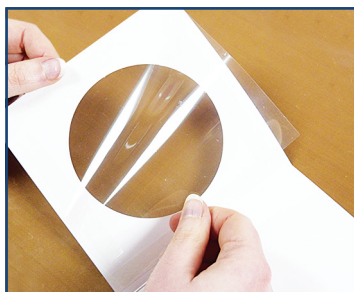

YOU WILL NEED...

- Floral interlocking die
- Special day die
- Rust coloured card
- Off cut of green card
- Acetate
- Aperture card
- Green background
- Double sided tape
- Glue pen

STEP 1

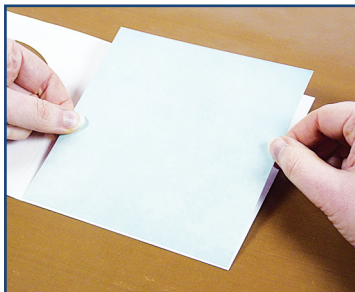

Cut the interlocking floral die from rust coloured card. Also cut the very centre pieces from an off cut of green card for the stem of the flowers.

STEP 2

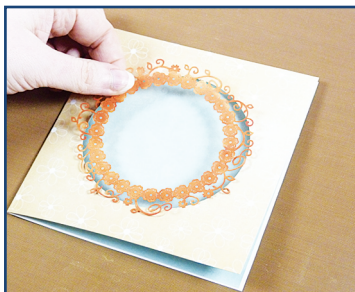

Place your acetate behind the aperture in the card base. Use double sided tape around the aperture on the inside of the card.

Designed by Stephanie Weightman

STEP 3

Cut the green background to a tiny bit smaller than the card base and secure to the inside of the card with double sided tape.

STEP 4

Use a glue pen to attach the outer frame of the circle die to the acetate, slightly overlapping the aperture.

STEP 5

Attach the special day onto the inner frame from the interlocking die using a glue pen. Overlap the flowers on the frame with the flowers on the word for perfect positioning.

STEP 6

Glue the sentiment to the acetate inside the aperture so that it looks like it is floating and finish with the little flowers from the centre of the die as shown.
