Shopping list:

- White Card stock
- Glitter
- Foam Pads

You will also need glue

What you need to do:

1 Use a creased 6inch white square card. Crease at the bottom of the card at 0.5inch and 1inch. Repeat the same at the back of the card. Fold forwards and back on the creased lines to create a little ledge.

2 Cut out a topper and some elements from one of the designs. Cut out the borders and stick onto the front of the ledge.

3 Cut a mat 6inch by 5inch and stick to the front of the card.

4 Using foam pads attach the topper and elements to the front of the card.

5 Finish off with some glitter highlights.

Top Tip

Back the topper with card to give it more substance.
