

Never Ending Card

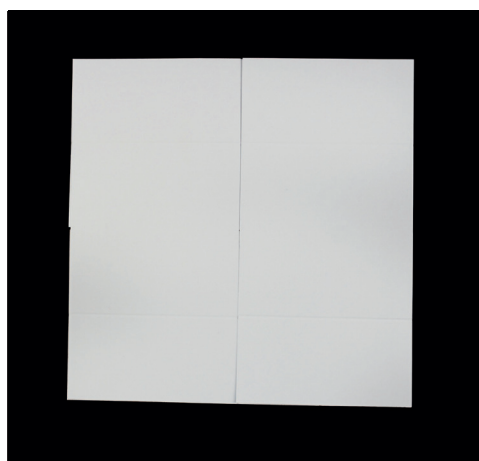

1. To make your Neverending Card score each piece 1 1/2" in from the short sides as shown.

2. Take two of the pieces and score each piece 1 1/2" in from the long sides as shown.

3. Lay the two pieces you scored three lines on as shown. Put double sided tape in the four corners, but don't let it go over the score lines.

4. Now stick the remaining two pieces of card one corner at a time as shown. When attaching, it is important that the two pieces don't overlap in the middle.

5. Mat the pre-cut squares as show above, some pieces will either need cutting in half or in quarters.

6. Decorate by matting the pieces as shown
