

Penny Slider

1. Stick the piece of pre-cut background onto the card blank as shown above.

2. Using foam tape/pads mat the outer part of the pre-cut penny slider panel as shown.

3. Push a 2p coin slightly under the outer part and stick a circle of foam tape/pad onto the middle of the coin.

4. Using foam tape/pads mat the inner circle into the centre and stick small pre-cut circle on the top of the coin.

5. Score the two strips of background paper every 1/4" to the end and stick the two pieces together to make a continuous loop, lay the rosette flat and stick a small piece of card to the back and decorate the front with a pre-cut circle as shown.

6. Stick a pre-cut circle on the top of the coin using the a circle of foam tape/pad. Cut a 20cm piece of ribbon and stick this behind the rosette before sticking the rosette onto the from of the card.
