

Petals of Porcelain Primrose

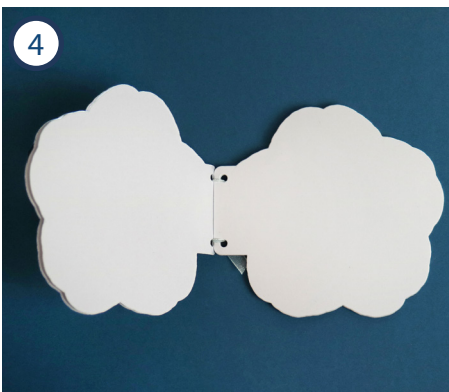

1 Cut the Book and bracer dies from your chosen cardstock. Cut the Book until you have the desired number of pages, plus two extra for cover pieces.

2 Stick the bracer onto your top cover piece. Stack the pages with your cover pieces either side.

3 Use ribbon, twine, or string to bind the pages and covers, tied through the holes cut in each piece.

4 Open up your book and ensure the pages are loose enough to move apart and open fully.

5 Decorate with the Big Primrose and decoupage pieces as desired.
