

Tattered Lace™ DIES

Spring Table Decoration

YOU WILL NEED...

- Glass Bottle
- White Cardstock
- Bloomin' Splendour Paper Pad
- D017 Doily Border
- D288 Lavish Blooms Poppy
- D284 Lavish Blooms Aster
- D285 Lavish Blooms Lily
- D286 Lavish Blooms Leaves Die
- Tattered Lace™ Detail Glue
- 3D foam
- Super sticky tape

STEP 1

Cut a border strip from the Bloomin' Splendour Paper Pad approximately 5cm x 20cm. If you are using a large bottle, ensure the length of your border wraps around the bottle fully. Using the Doily Border cut 4 borders from white cardstock. Using Tattered Lace™ Detail Glue adhere the borders to the back of the border strip.

STEP 2

Continue to adhere the borders to the strip so you have a seamless continuous border at the top and the bottom of the strip.

STEP 3

Apply clear super sticky tape to the back of the strip around all of the edges and wrap around the bottle to secure in place.

STEP 4

Cut a selection of flowers using the Lavish Blooms dies from different pages of the Bloomin' Splendour Paper Pad including a stamen and leaves.

STEP 5

Shape the edges of your petals to give them dimension as shown, using your fingers or shape around a pair of tweezers. Layer your flower and stick together using Tattered Lace™ Detail Glue.

STEP 6

Roll up your stamen, stick together at the base and frill out. Using Tattered Lace™ Detail Glue, stick the stamen to the centre of your flower. Apply the glue to the bottom front of your leaves and position behind your flower. Apply super sticky tape to the back of your flower and adhere to the front of your bottle – covering up the join in the border strip.

TOP TIP

Why not create more flowers, and apply to kebab sticks to turn this beautifully embellished bottle into a stunning table centre piece or decoration for your home! Stick two flowers back to back for a 3D look.
