

Lace Stationery Book

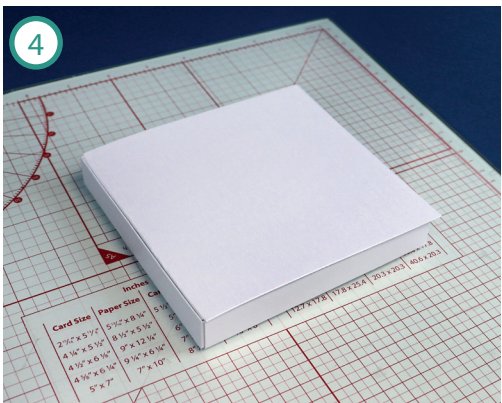

1 Cut each of the Book pieces and four sides from your chosen cardstock.

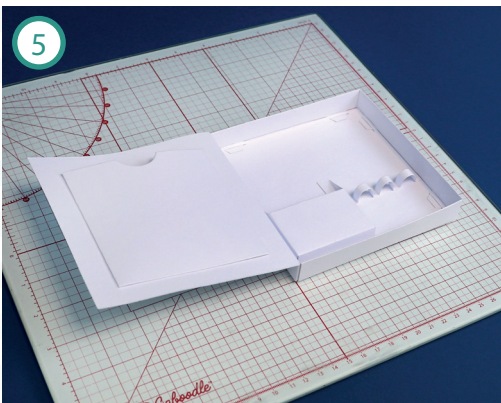

2 Fold the side pieces in half and secure with glue or tape.

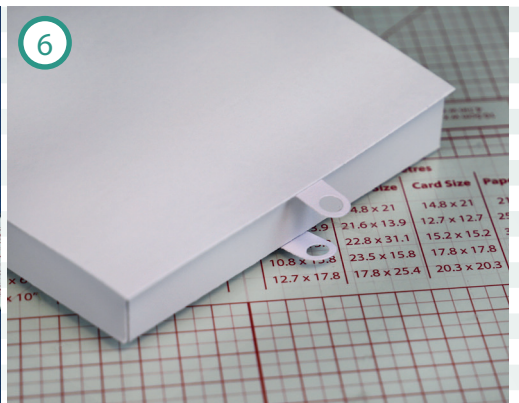

3 Insert the tabs of the sides into the slotted back piece. Mat together using the remaining tabs.

4 Mat the front piece onto the book by securing the tab against the inside of the spine.

5 Mat the pockets and loops onto the inside of the book as desired.

6 Cut two of the staples and mat parallel onto the book so the book can be bound shut with ribbon.
