

Tunnel Card

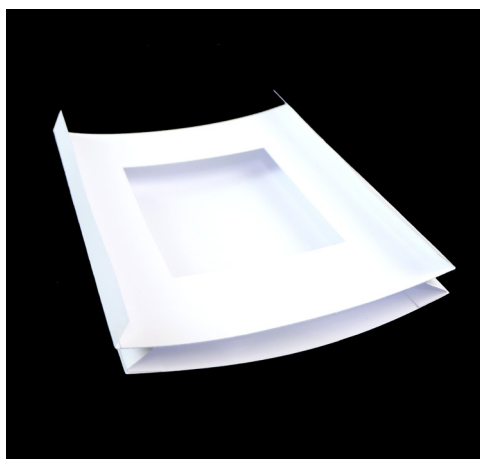

1. Using the Tunnel Card die set, cut one base, both frames and two concertina sides from your chosen cardstock.

2. Fold along the score lines of the concertina sides ensuring the centre score line is a mountain fold and the two other score lines are valley folds.

3. Mat the edge of both concertina sides onto the base of the card ensuring the centre fold of the concertina is facing inwards.

4. Mat the frame with the smallest aperture onto the top of the centre fold of the concertina sides.

5. Mat the remaining frame on the front fold of the concertina sides.

6. Decorate your tunnel card in your chosen colours and embellishments.
