What you need to do:

1 Cut a piece of white pearl cardstock to create a 17.5cm square base card. Cut a 15cm square and mat this in the centre of the white cardstock.

2 Cut two Deco hearts from white cardstock. Snip one of the hearts at the top and bottom so it is released from the card (keep this heart safe to use at a later date), use the heart silhouette as a template over the top of the complete heart die cut. Apply spray mount and then sprinkle with crystal extra fine glitter through the template to create a glittered heart, tap off any excess.

3 Cut a 13cm square of white cardstock and mat a 12.5cm square with the heart towards the top. Mat this onto the backing paper and attach a piece of rose pink ribbon to the bottom edge of the mat.

4 Stick the heart topper piece to the centre of the base card. Attach floral embellishments to the corner of the card to add the finishing touch.
